### Welcome to Study Island

Study Island is a leading provider of affordable, easy-to-use, web-based standards mastery products. All of our programs are built specifically from your state standards. [Learn more!](#)

"Our school has been using Study Island for several years and I believe it is one of the best investments our school has made. The best part about Study Island is how it works to the needs of each individual student."

— Ginger Wilson, Technology Assistant, Childress Junior High, Texas

### Check Out Our Products

#### Pre-K

Reading Eggs is a comprehensive, online early literacy program for learners ages 4-8. Grounded in extensive educational research, Reading Eggs builds on and reinforces the five key reading pillars: phonemic awareness, phonics, fluency, vocabulary and comprehension. [Learn more.](#)

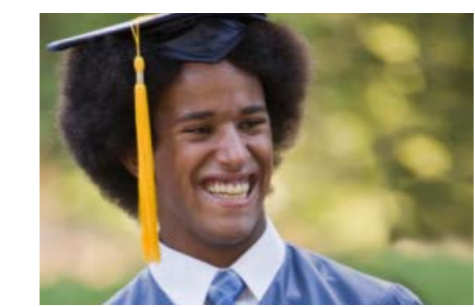

#### Elementary

Study Island provides your K-8 students with quality standards mastery and enrichment. Study Island enables teachers to target student instruction and create personalized instructional paths based on demonstrated student need, while also motivating students through our engaging user experience that includes rewarding games, interactive lessons, and instant feedback. [Learn More.](#)

#### Secondary

Study Island's comprehensive high school suite reinforces the learning process and ensures that every learner can be well-prepared for a successful and confident transition to their college or career choice. Give your high school students 24/7 access to high quality lessons and questions with instant feedback and built-in remediation. [Learn More.](#)

#### College & Career

Northstar Learning's targeted, e-learning technology-based curriculum is easy to use and accessible online—anytime, anywhere. Our online educational programs help students achieve their academic or vocational training goals, upgrade their job skills in preparation for employment or advancement, or attain their GED. [Learn More.](#)

"The program is a great motivational tool for the students. It is in a format that is appealing to them (being computer based). Plus the idea of playing games while working on skills is great."

— Carol Gunnels, Technology Specialist, Caddo Mills Elementary, Texas

## TEKS Mastery and TAKS Preparation

As a single online destination, The Island provides valuable instructional content from standards mastery of the core Texas high school curriculum to SAT, ACT, and AP exam preparation. The Island is ideal for your digital natives because it builds off their enthusiasm for technology while supporting the learning process in a personalized, collaborative environment.

The Study Island TEKS Mastery and TAKS Preparation Program is specifically designed to help students master the content specified in the TEKS. Study Island's focus on the TEKS enables students to improve their performance in all skill areas tested on the TAKS and End of Course (EOC) exams.

The user-friendly interface allows students to move through the program step-by-step. Each section has a pre-test and a post-test, as well as topics that cover each of the TEKS. Topics consist of questions, answers, explanations, and lessons that address the specific skills required to master the TEKS.

### Features

- Built directly from Texas Essential Knowledge and Skills (TEKS)
- Research-based, easy-to-use, and affordable for all schools and districts
- Web-based - students can log on via the Internet anytime, anywhere
- The collaborative learning environment allows students to easily exchange ideas from anywhere with an internet connection
- Traditional assessments and interactive games based on the Texas Essential Knowledge and Skills (TEKS)
- State-specific lessons and questions with immediate feedback and

Study Island is the ideal study partner for the TAKS.
